For more than 100 years, Hackensack Meridian Raritan Bay Medical Center has provided a full continuum of health care services to residents of central New Jersey. As the community has grown and flourished over the years, so has the increased need for a variety of health care services - especially behavioral health.

With the help of philanthropic support from dedicated donors, Hackensack Meridian Raritan Bay Medical Center Foundation can ensure that the medical center has what it needs to continue providing compassionate care to behavioral health patients and their families.

Hackensack Meridian *Health* understands the critical need to invest in the behavioral health infrastructure of the community. In February 2022, Raritan Bay Medical Center began construction on its multimillion dollar behavioral health expansion, which will feature a new, modern design that adds warmth and more natural light.

The Raritan Bay Medical Center Behavioral Health and Psychiatry Unit will become a certified inpatient Behavioral Health Center of Excellence[®] that will serve adults, providing both Geriatric Psychiatric care and Dual Diagnosis (psychiatry/addiction) services. In addition, other specialty care programs will be added to the unit that will allow for patients and the community to receive comprehensive behavioral health and psychiatry services within a seamless continuum of care, close to home.

The opening of the first phase of the behavioral health expansion project will take place in the fall of 2022. The full completion of the project is expected to be completed in the second quarter of 2023.

SUPPORT BEHAVIORAL HEALTH EXPANSION

With the help of our dedicated donors who believe in the important work we do, we have been able to accomplish so much in such a short time. We invite you to join us in the advancement of behavioral health services and state-of-the-art facilities. With philanthropic investments, together, we can ensure that we can continue providing compassionate behavioral health care to patients and their loved ones. Your support will ensure that Hackensack Meridian *Health* can improve the behavioral health care landscape in New Jersey.
