

PEDIATRICIAN CHECKLIST

QUESTIONS FOR YOUR CHILD'S DOCTOR

Go to HackensackMeridianHealth.org/Doctors to research and make an appointment with a pediatrician.

- What are your office hours?
- Do you accept same day appointments if my child is sick?
- Do you offer virtual visits?
- What tests or blood work can you do in the office?
- If I call after hours with an urgent question, how quickly do you usually return calls?
- What hospitals are you affiliated with?
- How do you keep the office clean and prevent kids from getting sick when coming in for a well-visit?
- Are you the only doctor in the practice, or are you part of a group?
 - If you are the only doctor in the practice, who provides care when you are out of the office?
- What insurance do you accept?
- Do you offer a patient portal where I can sign in and view my child's health information?
- What's the process like if my child needs to see a specialist?
